

# Senior Angular developer

Location: [Odessa, Ukraine](#) 

---

## About Me:

Senior Angular developer with more than 5 years of experience in software development. I have strong skills in JavaScript, HTML and CSS. Constantly improving with new frameworks and frontend languages (e.g. Typescript). I used Angular, jQuery and plenty of plugins for them. Studied at the National Academy of Telecommunication, received a Degree in Telecommunication.

## Key technologies:

JavaScript, Angular, AngularJS, TypeScript, Ionic, jQuery, HTML, CSS, SASS.

## Work experience:

5+ years

## Finished projects:

8

## Summary:

I'm a Senior Angular developer. My responsibilities included requirements gathering, analysis and design of complex web applications using a variety of modern technologies. I proved myself to be a dependable employee and a hard worker with solid problem solving and great technical skills. I regularly enrolled in classes to stay abreast of the newest developments in programming.
